Multimedia Suite 10

Three Products – One Solution

Nero Multimedia Suite 10 is a bundle of three powerful products – Nero Vision Xtra, Nero BackItUp & Burn and Nero Burning ROM. Designed to provide digital enthusiasts with advanced **video editing** and authoring, **disc burning** and **backup solutions**, plus project enhancing tools, it's the most complete multimedia package available.

Video Editing

- Create photo and video slideshows and movies
- Use the powerful automatic slideshow creator with high quality movie themes or directly transfer projects to Nero Vision for advanced video editing
- Use multiple video and audio tracks for true multi-track editing
- Apply full creativity with Picture-in-Picture overlay effects using videos, images, text and graphics
- Apply master "Film Effects" to entire movies such as retro and vintage film color grading effects
- Use SmartEncoding for fast HD video output (MPEG 2, AVCHD)
- Author Blu-ray Discs with 24 progressive frame high-quality cinema format
- Create custom DVD menus or use Nero's high quality Themes
- Search quickly, play back and easily arrange all your files with the all-in-one media organizer
- Burn or easily share your projects to social communities

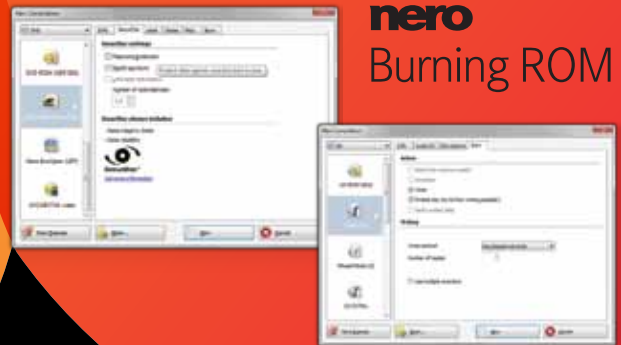

nero Vision Xtra

Burning

- Industry leading disc burning and copy technology for CDs, DVDs and Blu-ray Discs
- Ensure disc readability regardless of scratches, age, or deterioration with SecurDisc protection
- Get reliable burns with superior playback quality
- Add extra security protection to burned discs
- Rip and create audio CDs, burn and copy to CDs, DVDs and Blu-ray Discs
- Split oversized files for burning to multiple discs
- Control the burning process with speed, data setting and write methods

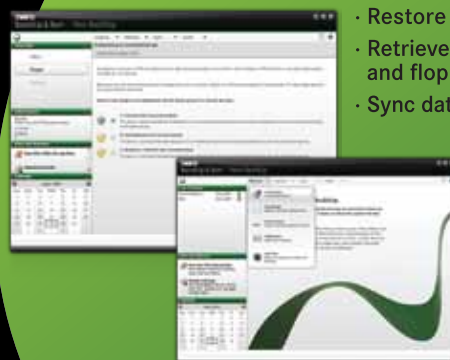

nero Burning ROM

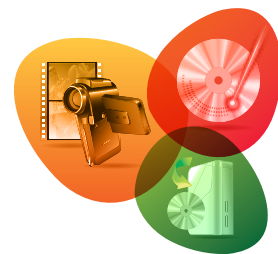

Backup

- Back up your entire system in a few easy steps
- Perform one-click Autobackup without reconfiguring computer settings
- Fully control backup schedules and methods
- Recover your files and even the entire operating system
- Restore your files from scratched or damaged CDs and DVDs
- Retrieve deleted files from hard drives, CDs, DVDs, flash storage and floppy discs
- Sync data between computers and mobile devices for easy access

nero BackItUp & Burn

This and much more! It's that easy with Nero Multimedia Suite 10

Easy Slideshow Creation

- Trim, arrange, and edit photos and videos within the slideshow creator
- Apply 2D and 3D animation themes and slide transitions
- Import footage from digital devices
- Share slideshows to social communities

Advanced Video Editing

- Use the sophisticated multitrack video editor with full effect, transition and key frame control
- Scan your DV or HDV video tape automatically to capture only wanted scenes
- Create High Definition Blu-ray discs with high quality animated menus
- Apply abstract 2D and 3D scenery effects, titles, credit screens, and audio tracks to your movie
- Detect and remove commercials and music videos easily
- Remove background noise for improved quality
- Supplement your DVD-Video discs with a 5.1 Dolby Digital Surround Sound

Burn and Copy

- Ensure your discs are readable regardless of scratches, age, or deterioration with SecurDisc protection technology
- Use the Windows® desktop gadget for simple disc-copying operations from the desktop
- Copy and compress DVD-Videos to fit on smaller target media
- Apply the Windows® context menu support for burning, copying and disc information

Backup and Recover

- Set one-click automatic backups
- Schedule backups with various methods, compression and protection levels
- Search within a backup and collect files to restore in one step
- Go back in time and restore former versions of your saved files

Media Organizer

- Organize photos, music and videos all-in-one place
- Automatically retrieve all music information via Gracenote® (album art, title, artist, year, etc.)
- Import media files from Windows® 7 libraries, and user selected devices, folders and drives

Multimedia Tools

- Create custom CD and DVD covers and labels
- Digitize music from vinyl records and cassette tapes to your PC
- Copy, recompile and recode digital videos and DVDs and burn to discs
- Convert all your digital music into formats of your choice
- Create your own personal ringtone
